**THE ASSOCIATED BUILDERS AND CONTRACTORS OF OHIO
ENDORSE HEIDI WORKMAN FOR STATE REPRESENTATIVE**

Says: "Your first-hand business and merit shop experience distinguish you as the candidate most prepared to represent the residents of Ohio's 72nd district."

ROOTSTOWN, OH – Heidi Workman, a conservative activist, registered nurse, small businesswoman, wife and mother, and Republican candidate for the Ohio House 72nd District in Portage County, today announced her campaign has been endorsed by the Associated Builders and Contractors of Ohio. According to their website, the "Associated Builders and Contractors is a national construction industry trade association representing more than 21,000 members."

"I am pleased to extend ABC of Ohio's official endorsement for your 2024 state representative candidacy," said Bryan C. Williams in an email to Workman. "Your first-hand business and merit shop experience distinguish you as the candidate most prepared to represent the residents of Ohio's 72nd district."

Importantly, ABC of Ohio's Williams pointed out that his organization's endorsement comes with a sizable contribution from the ABC of Ohio PAC to Workman's campaign committee along with additional contributions from local ABC members.

"ABC of Ohio does so many great things to help make Ohio more competitive in the national and international marketplace for economic development, job creation and opportunities for Ohio workers," said Workman. "I am excited to receive ABC of Ohio's endorsement for my campaign."

"ABC of Ohio is a leader in workforce development," said Workman. "Workforce development and job creation is a priority of mine. I look forward to working with Bryan Williams, Ryan Martin, ABC of Ohio's president and CEO, and their team of dedicated economic developers to bring new businesses to Ohio and helping existing businesses to grow and thrive."

Workman concluded, "It's a big, big deal that ABC of Ohio has rejected incumbent Rep. Gail Pavliga in this year's campaign for state representative. She's failed us. Gail's betrayal of common sense conservative values to elect the Democrats' choice for House Speaker empowered the liberals at the Statehouse in Columbus. I am honored to have ABC of Ohio working for my election. They know I will never stop working for the working men and working women of Portage County and across the Buckeye State."
