TO: Heidi Workman

RE: **ENDORSEMENT OF HEIDI WORKMAN**
for the 72nd District, Portage County

Dear Heidi,

I enthusiastically **ENDORSE** your campaign for State Representative in the 72nd District in Portage County because I trust your integrity and wisdom. I know you will honor and respect the many people who work to make the Republican Party distinct and successful. You are well-qualified and your authenticity is unquestionable.

The Ohio Republican Party issued a **Resolution to Censure** to your opponent Gail Pavliga, because Pavliga voted with **every single Democrat** to make Jason Stevens the Ohio Speaker of the House. In fact, Democrat Leader Allison Russo openly celebrated Pavliga's vote on the floor of the House—and even swore Stevens into office. This was after a Republican Caucus voted to make conservative Derek Merrin the Speaker—and every caucus member, including Pavliga, pledged to vote for the Republican caucus' choice. Through her vote, **Pavliga set back the Republican policy agenda**, including on issues of abortion, education, and the economy.

I drafted the Resolution to Censure Pavliga, which the Ohio Republican Party passed **nearly unanimously**—supported by moderates and conservative Republicans alike.

Thank you for offering the Republicans of the 72nd District an alternative they can trust to **never sell out to special interest lobbyists and never back down to radicals**.

Sincerely,

Josh Brown
